## ADJ AV4ip Indoor/ Outdoor Video Wall Panels

The AV4IP is a high resolution, flexible video panel system. Each panel has a pixel pitch of 4.81mm with a configuration of a 3-in-1 RGB SMD1921 LED's. The panel is IP65 on the front and IP54 on the back, which allows for temporary outdoor use. The brightness is 4000 NITS. With an innovative product design that allows for set up in a myriad of different configurations. The wall can be used in place of a large screen tv or Projector and screen. Because it is so bright the wall can be set up in normal room lighting.

Common Size that maintains an aspect ratio of 16x9
